**ELECTRONIC SIGNATURE AGREEMENT**

Please take a moment to read and acknowledge your understanding and acceptance of the Federal Electronic Signatures In Global and National Commerce Act (E-Sign)

Under the Federal Electronic Signatures in Global and National Commerce Act, before we may accept your account agreement and related documents electronically, we must provide you with the following information and you must affirmatively agree and not withdraw such agreement.

By electronically signing our account agreement and related documents, you acknowledge receipt of the Commodity Futures Trading Commission's required risk disclosures and other documents contained as part of our electronic account package and you agree to be bound by their terms and conditions. In addition, by signing our account agreement and related documents, you are consenting to our maintaining and your receiving electronic records of your trades and accounts. You may withdraw your consent to such electronic records by notifying us in writing or by e-mail, at any time, after which you only will receive paper records. However, please be advised that should you withdraw your consent to receive records electronically and receive paper records of your transactions, you will be charged a fee.

There are no special hardware or software requirements for access to or retention of your electronic records at this time other than having access to the internet, and registering for your unique and secure user name and password (to print copies of the records, you may need a program to read documents in "PDF" format). Should any technological change or upgrade be made that will affect your ability to access your records and accounts, we will notify you and remind you of (A) your right to withdraw your consent to receive electronic records and to receive paper records instead, and (B) any fee we may charge you to receive paper records.

**CFTC 1.55 RISK DISCLOSURE STATEMENT**

The risk of loss in trading commodity futures contracts can be substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your circumstances and financial resources. You should be aware of the following points:

- (1) You may sustain a total loss of the funds that you deposit with your broker to establish or maintain a position in the commodity futures market, and you may incur losses beyond these amounts. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the time required by your broker, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.
- (2) Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market reaches a daily price fluctuation limit ("limit move").
- (3) Placing contingent orders, such as "stop-loss" or "stop-limit" orders, will not necessarily limit your losses to the intended amounts, since market conditions on the exchange where the order is placed may make it impossible to execute such orders.

HOWEVER, WILL NOT EXCEED THE ORIGINAL OPTION PREMIUM, ALTHOUGH SOME INDIVIDUAL PAYMENT OBLIGATIONS AND/OR RISK MARGIN REQUIREMENTS MAY AT TIMES EXCEED THE ORIGINAL OPTION PREMIUM. IF THE PURCHASER OR GRANTOR DOES NOT UNDERSTAND HOW OPTIONS ARE MARGINED UNDER A STOCK-STYLE OR FUTURES-STYLE MARGINING SYSTEM, HE OR SHE SHOULD REQUEST AN EXPLANATION FROM THE FUTURES COMMISSION MERCHANT ("FCM") OR INTRODUCING BROKER ("IB").

A PERSON SHOULD NOT PURCHASE ANY COMMODITY OPTION UNLESS HE OR SHE IS ABLE TO SUSTAIN A TOTAL LOSS OF THE PREMIUM AND TRANSACTION COSTS OF PURCHASING THE OPTION. A PERSON SHOULD NOT GRANT ANY COMMODITY OPTION UNLESS HE OR SHE IS ABLE TO MEET ADDITIONAL CALLS FOR MARGIN WHEN THE MARKET MOVES AGAINST HIS OR HER POSITION AND, IN SUCH CIRCUMSTANCES, TO SUSTAIN A VERY LARGE FINANCIAL LOSS.

A PERSON WHO PURCHASES AN OPTION SUBJECT TO STOCK-STYLE MARGINING SHOULD BE AWARE THAT, IN ORDER TO REALIZE ANY VALUE FROM THE OPTION, IT WILL BE NECESSARY EITHER TO OFFSET THE OPTION POSITION OR TO EXERCISE THE OPTION. OPTIONS SUBJECT TO FUTURES-STYLE MARGINING ARE MARKED TO MARKET, AND GAINS AND LOSSES ARE PAID AND COLLECTED DAILY. IF AN OPTION PURCHASER DOES NOT UNDERSTAND HOW TO OFFSET OR EXERCISE AN OPTION, THE PURCHASER SHOULD REQUEST AN EXPLANATION FROM THE FCM OR IB. CUSTOMERS SHOULD BE AWARE THAT IN A NUMBER OF CIRCUMSTANCES, SOME OF WHICH WILL BE DESCRIBED IN THIS DISCLOSURE STATEMENT, IT MAY BE DIFFICULT OR IMPOSSIBLE TO OFFSET AN EXISTING OPTION POSITION ON AN EXCHANGE.

THE GRANTOR OF AN OPTION SHOULD BE AWARE THAT, IN MOST CASES, A COMMODITY OPTION MAY BE EXERCISED AT ANY TIME FROM THE TIME IT IS GRANTED UNTIL IT EXPIRES. THE PURCHASER OF AN OPTION SHOULD BE AWARE THAT SOME OPTION CONTRACTS MAY PROVIDE ONLY A LIMITED PERIOD OF TIME FOR EXERCISE OF THE OPTION.

THE PURCHASER OF A PUT OR CALL SUBJECT TO STOCK-STYLE OR FUTURES-STYLE MARGINING IS SUBJECT TO THE RISK OF LOSING THE ENTIRE PURCHASE PRICE OF THE OPTION—THAT IS, THE PREMIUM CHARGED FOR THE OPTION PLUS ALL TRANSACTION COSTS.

THE COMMODITY FUTURES TRADING COMMISSION REQUIRES THAT ALL CUSTOMERS RECEIVE AND ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE STATEMENT BUT DOES NOT INTEND THIS STATEMENT AS A RECOMMENDATION OR ENDORSEMENT OF EXCHANGE-TRADED COMMODITY OPTIONS.

THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER ASPECTS OF THE COMMODITY MARKETS

By clicking an 'I Agree' or 'I Accept' button or by typing my signature and submitting it to AMP GLOBAL CLEARING, LLC by the internet, I acknowledge that I have read and understood the foregoing Agreement, that I intend to rely upon it, and that I intend to be bound thereby. I understand and agree that my electronic signature is the equivalent of a manual signature and that AMP GLOBAL CLEARING, LLC may rely on it as such. I further agree to advise AMP GLOBAL CLEARING, LLC of any change in my electronic (email) address, or of my withdrawal of consent to this agreement and the address to which correspondence should be mailed.

### Representations

Understand that you are opening a speculative trading account?  Yes  No

### Risk Disclosure

*This brief statement does not disclose all of the risks and other significant aspects of trading in futures and options. In light of the risks, you should undertake such transactions only if you understand the nature of the contracts (and contractual relationships) into which you are entering and the extent of your exposure to risk. Trading in futures and options is not suitable for many members of the public. You should carefully consider whether trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.*

#### FUTURES

**1. Effect of 'Leverage' or 'Gearing'**  
Transactions in futures carry a high degree of risk. The amount of initial margin is small relative to the value of the futures contract so that transactions are 'leveraged' or 'geared'. A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit: this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. If you fail to

Scroll and review

### Supplement to Risk Disclosure

*The following information supplements the disclosures contained in the Risk Disclosure Statement for Futures and Options.*

**1. Exercise of Options**  
An option on a futures contract is exercised through the clearinghouse for the exchange listing the option. Notice of exercise must be given to the clearinghouse through the member of the clearinghouse carrying the customer's account.  
The exercise of an option involves an overnight process. Following the receipt of an exercise notice, the clearinghouse will randomly assign the exercise to a clearing member holding a position as a writer, or seller, of the same option series. On the day following the exercise of an option, opposite future positions are established for the holder (buyer) and writer (seller) of the option by the clearinghouse through a book entry in the clearing system. Where a call is exercised, the holder of the call will be assigned a long futures position and the seller will be assigned a short futures position. The opposite will be true in the case of a put.  
Customers should not be confused by the cut-off time established by a clearinghouse for the submission of exercise notices, which follows by several hours the time when customers must give notice of exercise to AMP Global Clearing, LLC ("AMP"). This time interval is required to permit the processing and forwarding to the
